Preface

An environmental audit of Sagar Institute of Research and Technology – Excellence (SIRTE) campus located in the city of lakes Bhopal in the state of Madhya Pradesh (M.P) was conducted during March-July 2021.

Institute name and address:

Sagar Institute of Research & Technology – Excellence,
Ayodha Bypass Road, K Sector,
Ayodha Nagar, Bhopal – 462041
Madhya Pradesh

Within the ambit of this audit, the status of the following sectors was considered: Water supply and management, wastewater management, electricity consumption, solid and food waste generation, vehicular emissions within the campus, construction activities and plantation undertaken within the campus.

The purpose of this environmental audit is to highlight the positive aspects within these sectors, identify the areas where improvement is necessary and suggest measures that can be implemented to address the lacunae.

This audit is based on the secondary data collected from the SIRTE administrative departments and surveys that were carried out within the campus. Any assumptions and generalizations made during this analysis have been stated in the respective sections and may not necessarily reflect the actual conditions.
